3. PRACTICE AND COMPETITION: (i) There will be no off-limits period for any tournament unless specified by the Tournament Director. (ii) **There will be an information off-limits period for tournament waters beginning at midnight on the Sunday 10 days prior to the 1st official practice day. (Same as online registration deadline) Competitors may only receive information on tournament waters during this period from competitors who are confirmed registered in the tournament. Competitors may only fish with other confirmed registered competitors on tournament waters during this time.** (iii) There will be an official practice period immediately prior to the first day of competition. Two official practice days will begin at 12:01 am the **Wednesday** prior to the start of competition. No competitors will be allowed on tournament waters after registration until the first day of competition, except under Rule 3. (iv) The competitor must know and observe these dates. **Beginning 10 days prior to official practice and including competition days,** a competitor can only have the assistance or advice of another competitor for the purposes of locating or catching bass on tournament waters. **Competitors may only fish with other competitors during practice and competition.** Flying over tournament waters, other than a ticketed commercial airline, is prohibited during official practice and competition unless approved by the tournament director. The use of drones for the purposes of locating or catching fish or to gain a competitive advantage is prohibited in both official practice and competition. **During the official practice competitors are not allowed to live well or keep any bass unless they have permission from tournament officials. No practicing at night, defined as beginning at 30 minutes after local sunset and ending 30 minutes before local sunrise, to include running to and from a fishing location. In practice and competition, when running in low light conditions, running lights should be in operation.** (v) Competitors renting boat slips may launch boats and proceed immediately to slip location. Testing of engines after the weigh-in is only allowed with permission from the Tournament Director. **NO EXCEPTIONS.** During the official practice and during the tournament, a competitor may not snorkel, "skin dive" or "scuba dive" in the tournament waters. (iv) No competitor may buy or barter a fishing location from any other competitor for use during any competition day. (vi) During

the official competition days of the tournament a competitor may not make cell calls for the purpose of locating or catching fish on tournament waters. Cell phones may be used for emergency situations. Competitors are allowed to call lockmasters for locking purposes only. **Competitors are allowed to use smart phones for global maps, weather, power generation, tidal charts, notes, etc., however using smart phones during competition to log into daily tournament blogs or social media is not permitted.** (vii) A designated tournament official must be granted access to the competitor's boat at any time during the official practice or competition days. Failure to grant such access may result in immediate disqualification. (viii) **Each competitor agrees to report to the Tournament Director immediately any violation or infraction of any tournament rules. Failure to report violations, or suggestions to another competitor that they violate these rules, or false verification of weigh-in forms, may be cause for disqualification. OFFICIAL PROTESTS MUST BE FILED IN ACCORDANCE WITH RULE 1. ALL PARTIES OF INTEREST WILL BE PROVIDED A COPY. By his/her signature on the official tournament entry form, each competitor agrees to submit to a truth verification test and abide by its conclusion.** The Louisiana B.A.S.S. Nation Tournament Director and the Tournament Rules Committee shall have the discretion to determine the need for a truth verification test. The Tournament Director and the Tournament Rules Committee shall be responsible for selecting an independent expert to administer and interpret the results and establishing, in consultation with the expert administrator, the scope of the questions which may be asked during the test. The Tournament Director shall have sole responsibility selecting the location, date, and time of the test. The competitor shall make himself/herself available at the location selected by the Tournament Director and shall cooperate in all respects with such test. Anglers taking a truth verification test may be responsible for any and all costs incurred. Random truth verifications tests may be administered on site during the course of a Louisiana B.A.S.S. Nation Event.

4. REGISTRATION: Each competitor must register in person with Louisiana B.A.S.S. at the rule briefing to be held on the Thursday evening before competition begins. **ON SITE Registration will take place from 3 pm until 5 pm. ALL Anglers competing in the event must be registered in person during this 2-hour registration period. Special circumstances will be taken into consideration for anglers who cannot attend the briefing for work and/or personal business. These anglers will need to register by phone with a member of the Tournament Rules Committee by phone, no later than 5pm. Failure to register on time could result in penalties, as described in Rule 19.**

5. SAFETY: (i) Safe boat conduct must be observed at all times by competitors. During the official practice and competition, each competitor must wear a Coast Guard-approved chest-type life preserver anytime the combustion engine is in operation. This preserver must be strapped, snapped OR zippered securely, and maintained in that condition until the combustion engine is shut off. Inflatable life vest indicators should be checked daily. Violation of this rule may be reason for disqualification. **Inflatable PFDs are allowed as long as U.S. Coast Guard regulations are met. The Coast Guard requires that inflatable PFD's must be worn at all times unless there is an equal number of non-inflatable Coast Guard approved PFDs on board. It is suggested the Boater competitor have a safety check with the non-boater each day prior to launch to familiarize the location of all safety equipment. It is recommended each contestant successfully complete a boating safety course. Boating safety certification, or a "grandfathered" exception, may be required in certain states. Boating safety courses are available online and should carry an endorsement by the National Association of State Boating Law Administrators or NASBLA.** (ii) When boating in low visibility situations i.e., fog, heavy rain, during both practice and competition, competitors must operate their boats at a safe speed and in a safe manner as determined by tournament officials. (iii) Radar units permanently mounted in the boat, subject to approval by Louisiana B.A.S.S. Nation, may be approved for competition. (iv) Tournament officials have the right to delay, shorten or cancel any part of an official tournament day because of bad weather or other factors that would endanger the safety of the competitors. Tournament waters may also be restricted at any time because of bad weather. (v) Louisiana B.A.S.S. Nation reserves the right to impose boat speed limits during any or all tournaments. Whether or not to impose a speed limit, the area covered by the speed limit, and/or the actual speed limit imposed, shall be left exclusively to the discretion of the Tournament Director. (vi) **IN THE EVENT OF AN EMERGENCY SITUATION, COMPETITORS SHOULD CALL 911 FIRST AND THEN NOTIFY TOURNAMENT OFFICIALS AS SOON AS POSSIBLE.** (vii) **COMPETITORS ARE ALLOWED TO LEAVE THE BOAT AND SEEK SAFE SHELTER IN BAD WEATHER WHERE DANGER MAY BE IMMINENT.**

6. SPORTSMANSHIP: Competitors in Louisiana B.A.S.S. Nation tournaments are expected to follow high standards of sportsmanship, courtesy, safety and conservation. Any infraction of these fundamental sporting principles may be deemed cause for disqualification. (i) Use of alcohol or the use of drugs (other than those purchased over-the-counter or prescribed by a licensed physician) by any competitor, during the official practice or during the tournament, will not be tolerated and shall be cause for automatic disqualification from this and all future Louisiana B.A.S.S. Nation tournaments. No alcoholic beverages or prohibited drugs shall be allowed in the boats during the official practice or competition days, or when in the immediate weigh-in area. (ii) Maximum courtesy must be practiced at all times, especially with regard to boating and angling in the vicinity of non-competitors who may be on tournament waters. Any act of a competitor, which reflects unfavorably upon efforts to promote fisheries conservation, clean waters and courtesy, may be reason for disqualification. (iii) All competitors are bound by the prevailing statutes and regulations of the state of Louisiana. Some regulations may differ from these rules resulting in fines, citations or other penalties at the discretion of law enforcement and may or may not result in tournament penalties. Competitors are responsible for research of fishing and boating regulations. (iv) Anglers are not allowed, under any circumstances, to return to a previous day's partner's water without his or her permission. Anglers should not disclose these locations with other competitors in the Tournament for the same purpose as above.

7. ANGLER CODE OF CONDUCT: Anglers participating in any Louisiana B.A.S.S. Nation event shall observe this code of conduct and the applicable rules for the specific event in which they are participating. Anglers shall, at all times, conduct themselves in a professional manner that demonstrates integrity, honor and respect toward fellow competitors, tournament staff and the general public and does not reflect unfavorably on B.A.S.S., Louisiana B.A.S.S. Nation, its members, officers or representatives, tournaments or sponsors. Anglers are frequently in the public eye and are considered role models by young

people; therefore, it is imperative that tournament competitors demonstrate good sportsmanship in fishing. Sportsmanship is defined as fair play, respect for opponents and polite behavior while competing in the sport. (i.) Following are examples of unacceptable behavior by competitors in Louisiana B.A.S.S. Nation events that will be cause for penalties as outlined in this document.

- Heated public disagreements with Louisiana B.A.S.S. Nation officials, other competitors and fans and volunteers during an event.
- Public attacks through media, including social media, upon the integrity of B.A.S.S. and/or Louisiana B.A.S.S. Nation rules or officials.
- Public comments that an angler knows, or should reasonably know, will harm the reputation of B.A.S.S., Louisiana B.A.S.S. Nation officials or its sponsors
- Displays of anger and displeasure for reasons related to fishing competition where members of the public, including other anglers, spectators and the media, are present.
- Publicly questioning or criticizing a tournament official or official decision, ruling or penalty except through the proper channels.
- Abuse (physical, verbal, threatening or slanderous) of tournament officials, volunteers, fellow competitors or others connected with a Louisiana B.A.S.S. Nation event.
- Offensive or slanderous comments with racial, cultural or sexual overtones regarding event officials, event personnel or fellow anglers.
- Intentionally interfering with a fellow angler's ability to compete.
- Any disqualification, suspension or other disciplinary action imposed by any tournament or fishing organization may result in disqualification from competition and rejection of an application for participation in a Louisiana B.A.S.S. Nation tournament.

(ii.) Chemical substance addiction or abuse, conviction of a felony or crimes involving moral turpitude, may be grounds for disqualification from competition and for rejecting any application for participation. Any angler who violates any of the provisions of the Sportsmanship Rules or the Angler Code of Conduct may be subject to fines, reduction of points, forfeiture of tournament winnings, suspension from competing in individual Louisiana B.A.S.S. Nation events, permanent ban from competition or any combination thereof deemed appropriate by the Louisiana B.A.S.S. Nation Tournament Rules Committee.

8. TACKLE AND EQUIPMENT: Use of landing nets and grippers for landing bass is prohibited during tournament

competition. During practice and competition no more than one artificial or biodegradable artificial lure may be attached to a line at one time. One lure is defined as a single manmade device designed to attract and/or catch one fish at a time. Adding trailer hooks, plastic trailers, blades, etc., to a single lure is acceptable. If multiple fish are caught on a single manmade lure, on a single cast, all fish are considered legal and may be added to the daily catch subject to scoring rules (17). No "live bait," "dead bait," or "prepared bait" will be permitted during official practice and competition, with the exception of pork strips or rinds. Any umbrella-type rigging, harness, or other device designed to hold more than one lure at a time – with or without hooks – is not allowed. Such rigging, harness, or device cannot be added to a single lure as described above. Traditional twin arm spinnerbaits or buzzbaits are allowed. Trailer hooks and plastic trailers must be on the main hook of the bait; only spinner blades can be affixed to the arms. The head on the main stem may be hinged. On these twin arm spinnerbaits or buzzbaits, no more than two wires, with a maximum length of 6 inches, may extend off the main arm or body of the lure at the line tie point. The "head and hook" portion of the lure must be even or trail behind where the blades attach to the wires. Louisiana B.A.S.S. Nation officials have the sole authority to determine whether a lure is considered a single lure as defined above. Only ONE casting, spin casting or spinning rod (8-foot maximum length from butt of handle to rod tip) and reel may be used at any one time. A hung or snagged lure that is not in or on the water is not considered in use and may be set aside while another is in use. Other rigs as specified above may be in the boat ready for use; however, only ONE is permitted in use at any given time. If a competitor breaks his line while setting the hook or retrieving a fish, he is allowed to make an attempt with the rod being used or with his hands to secure the visible line and land the fish for it to be counted as legal. He may NOT hook the line with another lure, rod and reel, or other device. **No competitor may intentionally snag or foul hook a bass to be counted in their daily catch.** Anyone guilty of snatching or snagging visible fish will have their catch disqualified. When visually fishing for bedding bass, to be counted as a legal fish, all bass must be hooked inside the mouth and must be verified by your partner before being unhooked. With the mouth closed naturally, you must not be able to see where the hook point enters the fish to be considered hooked inside the mouth. Competitors are allowed to share baits and tackle with one another at any time.

9. HORSEPOWER REGULATIONS: Maximum horsepower for all outboard motorboats used in official tournament practice and in tournament competition will be **250 HP**. Horsepower cannot exceed the limitations set by the U.S. Coast Guard. When required, each boat must have a U.S. Coast Guard horsepower-rating plate attached to the boat by the manufacturer. The horsepower of the outboard engine must **NOT** exceed the rating specified on this plate nor the horsepower maximum set by B.A.S.S. Each competitor agrees to submit, by their signature on the official entry form, the boat and outboard motor used in the tournament, to an inspection by factory-trained personnel, if there is reason to suspect the horsepower is in excess of the rating. Normal maintenance of engines is allowed. Changing or altering standard factory parts of a competitor's engine to increase the horsepower over the factory horsepower rating, is forbidden and will result in disqualification. Falsifying information on entry forms or altering the horsepower-rating numbers on the engine, is also cause for immediate disqualification from Louisiana B.A.S.S. Nation tournaments. Posted speed limits and those imposed by Louisiana B.A.S.S. Nation must be observed and all boats must be operated in a safe manner. Violations of speed limits shall result in loss of competition hours and not limited to disqualification.

10. BOAT AND MOTOR: These restrictions apply during official practice and competition. For the safety of all competitors, all boats must be equipped with an approved type of operable ignition kill switch and lanyard. Only one manufactured lanyard may be used, and it must be attached to the driver's body any time the combustion engine is operating and in gear. Any time the

combustion engine is operating and in gear, there must be a driver in the driver's seat in full control of the boat. Fishing boats that are 16 feet or more in length may be used. Any raised platforms or decks cannot be higher than the gunnels of the boat. Standing on the outboard or seats while fishing, is not allowed. An electric trolling motor may be used for slow maneuvering. However, trolling as a method of fishing is prohibited. **The "STROLLING" or "LONG LINING" technique is NOT allowed in both practice and competition. No exceptions.** All bladder tanks, and any other type of auxiliary gas tanks that are not installed by the boat manufacturer, are prohibited. Additional gas tanks that are factory options, installed by a manufacturer's authorized dealer, are permitted. Boats that do not have factory-installed gas tanks are restricted to a maximum of 18 gallons of gasoline, in tanks that meet U.S. Coast Guard regulations. Gas tanks must be properly secured or strapped in a boat. No portable gas tanks, or containers capable of holding gasoline, can be placed anywhere on the tournament waters or shoreline for use by any tournament competitor. No "barges" or similar craft will be permitted. No boat equipped with "stick steering" shall be permitted to be used by any competitor. "Stick steering" shall be as defined by the Tournament Director. **Jet drive engines and tunnel hull boats are not allowed during both official practice and competition. Any boat/hull designs other than standard mass-produced units are only allowed at the discretion of tournament officials.**

11. BASIC BOAT EQUIPMENT: During official practice and competition, every boat must have all required Coast Guard safety equipment and a functional bilge pump. **During official competition,** every boat must have live-well space, properly aerated, to adequately maintain alive, a limit catch of bass by both competitors using the boat. Louisiana B.A.S.S. Nation recommends livewells be maintained at full level and aerators/re-circulators on manual. Tournament officials shall have the sole responsibility for determining whether aeration and capacity is proper and adequate. Boater competitors must make a back seat available for non-boaters each competition day.

12. BOAT IDENTIFICATION: Prior to each day's start, each boat **must** be given an inspection check by a tournament official. Each day, each boat may be given a number, which **must** remain with the boat. This number must be displayed upon the request of tournament officials, and at each check-in.

13. BOAT OPERATION AND EXPENSE: During competition, Boaters will fish from the front deck, non-boaters from the rear deck, NO EXCEPTIONS. **During both official practice and competition,** non-boaters are only allowed to drive (outboard engine) the Boater's boat in emergency situations with the exception of loading and unloading from trailers. **During official practice,** non-boaters not practicing with a Boater competitor, may practice, drive, and fish from the front deck of the boat. Any Boater that, in the judgment of the officials, operates the boat in such a manner as to unfairly handicap their non-boater partner, shall be disqualified. At no time may a Boater competitor request that the non-boater competitor not fish. **Non-boaters are NOT required to assist the Boater with any Competition Day expenses as set by the Louisiana B.A.S.S. Nation Tournament Rules Committee.** In the event where an observer replaces an angler as the official rider, the observer cannot assist the competing angler in any way. Observers are not required to help with gas and oil expenses.

14. PERMITTED FISHING LOCATIONS: Tournament waters shall be established by the Tournament Rules Committee for each tournament. Each competitor must obtain this information from Louisiana B.A.S.S. Nation Officials. Any water within these boundaries posted "Off-Limits" or "No Fishing" by state or federal agencies as well as the live-bass-release area established by the Tournament Director will be OFF-LIMITS and will be announced at the Tournament Rules Briefing. Only that water open to ALL public fishing will be considered tournament waters. Waters deemed off limits by authorities or tournament officials should be treated like a wall. No boats or casting behind that boundary while fishing. All angling must be done from the boat. Competitors wishing to change fish habitat by placing any object in the tournament waters may do so if such action does not violate state or federal regulations. Prior to the tournament registration, any questionable areas must be brought to the attention of tournament officials to be considered tournament waters and may be announced in the briefing for all to hear unless determined otherwise by tournament officials. Tournament officials reserve the right to restrict or enhance tournament waters based on conversations with local authorities.

15. COMPETITORS MUST REMAIN IN BOAT: During the competition days, competitors must not depart the boat to land fish or to make the boat more accessible to fishing waters. **Competitors may not shift a majority of their weight outside the boat and onto a dock or other object outside the boat for the purpose of landing a bass or accessing a fishing spot.** A bass that cannot be landed without the angler leaving the boat or shifting his weight outside the boat must be released immediately. While keeping the majority of weight in the boat anglers are allowed for boat protection to push or shove off objects while landing a fish to be counted as legal. Competitors are allowed to leave the boat to retrieve a lure. All fishing by that competitor must cease until the competitor is back in the boat. Only then may another cast be made. Boats must remain in tournament waters during tournament days. Competitors must leave from and return to official checkpoints by boat. Both anglers must remain in the boat at all times, except in case of dire emergency, or with permission from the Tournament Director. Exceptions spelled out in rules 5, 15, and 18. In such an emergency, or with permission of the Tournament Director, competitors may be removed from their boat, either to a boat operated by other competitors, or a rescue boat designated by the Tournament Director. Partners must remain together at all times, in sight of each other and each other's catch, under the conditions cited above, in order for their catch of that day to be scored in the tournament, **with the following exception. In breakdown situations and with a tournament official's permission, non-boaters may transfer their boat's (boater and non-boater's) fish to another competitor's boat and ride to check in, and they may leave their boater with the disabled boat. In such cases, the non-boater must stay with their catches at all times and the assisting boat's partners should verify the catch. Any angler whose boat is disabled and rides with another competitor or rescue boat to weigh in is not allowed to fish.** In the event of a needed restroom break or refueling situation at a marina gas pump, contestants are allowed to leave the boat, at which time all fishing must cease and livewell lids must remain closed until partners are back together in the boat. If a competitor violates any of the above conditions (contact a tournament official by phone or other means, or to report an emergency or breakdown), both competitors must cease fishing at this point and their catch must be verified by a tournament official in order to be counted in the tournament. If, after the emergency situation is resolved by tournament officials, and enough time is left for the competitors to resume fishing, a **restart** will be allowed, the competitors will continue, and their catch will be counted. This applies only to dire emergency situations as

determined by the Tournament Director or his/her designee. Towing boats on trailers during tournament hours is prohibited, except by the direction of tournament officials.

16. OFFICIAL CHECKPOINTS: There shall be only one official check point for check-out in the morning, and one official check-in point in the afternoon, which points shall be designated at the tournament briefing. Failure to go through boat check and check-out in the morning or failure to check-in at the check-in point in the afternoon may result in disqualification. At the time of check-out, all competitors and their boats shall be in full conformity with all rules set forth by the Tournament Director. At check-in, all boats shall identify themselves by means of the numbers described in Rule 12 and proceed immediately to the designated weigh-in area. Partners must stay together, through the weigh-in process if both are weighing bass. Once bass are bagged for weigh-in, anglers that are not weighing bass do not need to accompany their partner through the weigh-in process. For trailered weigh-in events, partners may separate to retrieve vehicle for boat loading purposes only after checking in at the official checkpoint. Livewell lids must remain closed until both competitors are back together and/or they are ready to bag fish as stated above.

17. SCORING: Tournament standings, contingency awards and final winners shall be determined by the pound-and-ounce weight of each competitor's catch during the competition days of the tournament. Only Largemouth, Smallmouth, Spotted, Redeye or Shoal bass will be weighed. The boater limit shall be 5, non-boater limit shall be 3 of the above species and varieties per day, unless otherwise specified by tournament officials (example – hot weather/fish care concerns). At no time shall a competitor have in his or her possession more than the tournament limit after the culling of a fish is complete. If a competitor determines they have over the limit after making a "fishing move," they must immediately reduce their catch to the tournament limit with a live bass of their choice from their catch. A "fishing move" is defined as making a cast or moving to a new location. Each returned bass will result in a 2-pound penalty to be deducted from their daily score. In this case, competitors must attempt to notify tournament officials and if unsuccessful must notify officials at check in. Once a competitor checks in they must present all legal bass to tournament officials at the verification table. If competitors at the verification table have more than the tournament limit, the competitor will reduce with live bass to the tournament limit and each returned bass will result in a 2-pound penalty to be deducted from their daily score. If a competitor has his fish verified, weighed and upon returning to the boat discovers additional fish over the tournament limit that were not presented to officials; he then must notify tournament officials within one hour of final flight check in to receive a 2-pound penalty for each bass discovered. Anglers who do not remove fin clips prior to verification will be assessed a 4-ounce penalty per clip. No manmade or foreign object connected to a bass will be weighed and shall be removed by tournament officials. The official length for bass shall be determined by the Tournament Director and announced at the Tournament Rules Briefing. In most cases it will be the longest state limit covering the tournament waters. Only bass as described above which measure the official length or more on the longest straight line, shall be weighed. Bass presented for weigh-in, which fail to measure the official length, shall result in a penalty of 1 pound for each such bass, which penalty shall be deducted from the total score of the competitor. Any bass that appears to have been mangled, mashed, mauled or otherwise altered will be weighed and credited only at the discretion of tournament officials. After competitors check in at the official checkpoint, they MUST present all LEGAL fish in their possession to a tournament official to be counted, measured and weighed. Once a competitor's catch is measured, counted and verified by a tournament official, that competitor may not return to the boat until their catch has been weighed and recorded. Bass must not be placed on a stringer at any time during the tournament. Culling tags or clips are allowed. Specially designed bags which increase survival rate will be furnished by Louisiana B.A.S.S. Nation and must be used for the weigh-in, no other bags will be allowed for weigh-in purposes.

18. CATCH AND RELEASE: CULLING OF DEAD BASS IS PROHIBITED. For each legal dead bass presented to weigh-in officials, the competitor shall be penalized 4 oz. to be deducted from their daily score. Competitors are allowed to ice a dead fish that is part of their daily catch. The Tournament Director, or the Tournament Rules Committee, shall have sole authority for assessing penalty points. In addition, the Tournament Director, or the Tournament Rules Committee, may reduce tournament hours or tournament limits for fish care purposes. It is suggested in warm weather tournaments anglers keep extra ice for fish care. Contestants are allowed to purchase ice on the water; however, they are not allowed to receive ice from non-contestants. Upon mutual consent of both Boater and Non-Boater paired together, for fish care concerns, the verification table will open one hour prior to check in time of the first flight. SMALL DIP NETS FOR CULLING PURPOSES ARE ENCOURAGED. It is recommended competitors keep all bass in live wells during the culling process. Placing bass on the boat carpet during culling is not advised. **Only non-penetrating culling clips are allowed for use. Any clip or device that penetrates the skin or mouth of a fish is not allowed. Proper fizzing technique is suggested when needed.**

19. LATE PENALTY: (i) Competitors who do not register on site by the indicated times, as described in Rule 4, will be penalized at a rate of one pound per minute late up until 5 minutes. This weight reduction will be applied to said competitors' Day 1 catch. Competitors more than 5 minutes late will receive the 5-pound penalty assessed to their day 1 catch and be required to take off 15 minutes AFTER the last boat each day of competition. (ii) Competitors who are not at the official check-in point, as described in Rule 16, at the appointed time, shall be penalized at the rate of one pound per minute late; to be deducted from the total weight of his/her catch that day, including any weight to be counted toward a "big bass award". Any competitor more than 15 minutes late shall lose all credit for that day's catch. There shall be no excuse for tardiness, and in no case, shall a competitor be allowed to make up "lost time." After proper recognition at the check-in point, competitors will be allowed ample time to proceed to the weigh-in site; however, all fishing must cease upon check-in. After the tournament begins, fishing the tournament waters is prohibited except during tournament hours. Exact starting and check-in times will be announced at the Tournament Rules Briefing. It is each competitor's responsibility to confirm check-in times each day on the daily pairings.

20. TIES: At any Louisiana B.A.S.S. Nation event, in the result of a tie for first place in the tournament standings, in the Boater or Non-Boater division, these four (4) tie breakers listed below will be considered first: (1) individual with heaviest single day catch during competition; (2) if the tie is not broken, the next tiebreaker will be the individual with the second heaviest single day catch during competition; (3) if the tie is not broken, the next tiebreaker will be the individual with the largest number of legal fish weighed during competition; (4) if the tie is not broken, the next tiebreaker will be the individual with the largest number of legal

live fish weighed during competition. If the tie is not broken by applying the foregoing procedures, the tie will remain a tie, and monetary prizes for each competitor will be awarded in an equal amount between the tied competitors. In regards to qualifying points towards the Louisiana B.A.S.S. Nation State Team, in the event of a tie between anglers, the four (4) tie breakers listed above will be considered first. Should ties not be broken considering the before listed tie breakers, the tie for State Team position will be broken by flipping a coin. The Tournament Director shall flip the coin with the Tournament Rules Committee present. Tied anglers must be present and witness the coin flip. Should one angler involved with the tie not be present (no matter the reason) he/she shall forfeit the tie breaker and be awarded one spot lower in the standings.

21. PAIRING OF COMPETITORS: Two competitors will be assigned to each boat. Boaters may be paired with boaters and share time. Boaters may not fish alone. Announcement of your first-day fishing partner will be made at the Tournament Rules Briefing, which **must be attended, except with permission from the Tournament Director**, by each competitor. It will be the responsibility of each partner to appear at a mutually agreed upon location, with sufficient time remaining to check out at the official checkpoint and start on time. Tournament officials shall have no responsibility for finding missing partners. The Tournament Director, at his/her sole discretion, may reassign partners prior to the morning take-off. It is suggested that a minimum of 30 minutes is required for preparation to depart to the check-out point. When two competitors check out at the beginning of the day, they must stay together and within sight of each other and each other's catch, throughout the day, until the weigh-in is completed, except in case of dire emergency or exceptions (see Rule 15, 16 & 18). A competitor must not allow any bass caught by them to be counted on the score of another competitor. In such a case, both competitors shall be disqualified from this tournament and from all future tournaments conducted by BASS.

22. RULES VIOLATIONS AND APPEALS COMMITTEE: An appeals committee will be established by Louisiana B.A.S.S. Nation, which shall be comprised of one Louisiana B.A.S.S. Nation Officer not affiliated with the Tournament Rules Committee, and two anglers who are not competitors in the event in question. Appeals for penalties assessed under Rule 1 (b), (c), (d), (e) & (f) must be presented in writing 24 hours from the time and date of ruling to the Tournament Director. Appeals hearings shall take place within seven (7) business days from the date of receipt of the written appeal and all parties must make themselves available at prescribed time of hearing. If competitors admit to a rule's violation, they may not file an appeal of either the finding that they have violated the rules, or the penalty imposed for the violation. Decisions of the appeals committee shall be final. Competitors are allowed to compete under appeal. Final standings will not be official until all appeals hearings are final and ruled upon. However, all standings above that of any appealing angler, as well as any adjusted final standings may be declared official. Standings, including points and monetary awards, may be adjusted after appeals final ruling and all affected anglers shall comply with all details of the final ruling.
